THE NEW CANAL BARGE,-The new steam barge "Maryland," built for the use of the Chesipeake and Ohio Canal Company, reach ed Cumberland on Saturday on her trial trip from Georgetown. The "Maryland" left Georgetown. D. C., on Wednesday morning last at 10 o'clock, baving on board A. P. Gorman, president of the canal, and a large number of officials and others interested in the canal. The "Maryland" is a very neat and com fortable boat, and very suitable for the pur poses for which it was built. The traitrip proved very satisfactory to all on board of her, her running rate being about fifty miles a day, or about four miles an hour, stoppages having been made each night along the line of the capal. The party enjoyed the trip very much.

THE ALEXANDRIA GAZETTE AND ▲ VIRGINIA ADVERTISER will soon celbrate its centennial year. More than three quarters of a century ago it grew into life a cre-ation of wants and needs of the people of this section of Virginia.

During all this period its prominent object has

been to advance the interests of the people of whose life it is the daily chronicle. Its fortunes have been their fortunes; it has shared their prosperity and suffered in their disasters. Its inspiration has been the desire to forward the best interests of the community in which it is located, and its own prosperity is, as it has been purposely made, inseparable from that of the community it aims to represent. When they grow rich it hopes for a reward commensurate with its labors. While they are poor it expects to work with them and for them, expecting to make their success the measure of its own.

The past of the Gazette is offered as an index of its future. It has never failed to avail itself promptly of all the improvements which come with the greater growth and more extended ex-perience of journalism. Every year NEW FEATURES will be added.

THE GAZETTE MEANS TO BE THE NEWSPAPER OF VIRGINIA. It will furnish daily a complete account, with superfluities only lopped away, of all the current news of the

As the interests of the people mainly centre at home, no pains will be spared to chronicle all matters occurring in the city and neighborhood, carefully excluding unseemly expressions or gross narrative as unfit for a journal that is treasured at many thousand hearthstones of

Especial attention will be devoted to present ing, as well from original sources of information as from its exchanges, the news of Virginia, especially such as relate to the development of the resources of the State.

Its contiguity to Washington gives the Ga-

zette an early precedence over all the journals of the State in intelligence of the operations of the General Government, now of such vital importance to the people of the South. The proceedings of Congress, seldom so interesting as now, will be regularly reported in succinct form for its columns, but all matters of especial interest in Virginia will be given in detail, and the full text of all bills of local interest will be given. From the State Capital it will receive early

and accurate accounts of the proceedings of the General Assembly and of all the operations of the State government likely to interest the peo In its Commercial columns the especial fea-

ture will be promptness and accuracy. The tarmers, drovers and commercial people of the State know they MAY DEPEND upon the Early and reliable reports of the Grain, Cattle

Grocery and other Markets will be furnished, and the prices and position of the stocks, which are the subjects of business transactions in this ection of the country, carefully quoted. The continual favors of those who have once used the Gazette as an advertising medium is a warrant for saying that it pays to advertise in its

columns. Never before did it pay so well to tell the public what is for sale.
